Kindergarten students must be five years old by September 1, 2009. Students who will be five before December 31, 2009 may apply for admission and will be evaluated on a case-by-case basis.

Students in grades 1-7 are accepted on a space-available basis following our re-registration of current families in January. Those on the waiting list are then notified if they can be accepted for enrollment.

This certifies that I have read and understand the terms of the Ste Jeanne d'Arc School waiting list, and that having given my child's name for the 2009-2010 school year does not guarantee admission.
